

Basix Glaze WS WHITE MG KRAFT PAPER

Production Unit: Skärblacka PM7

End uses

Basix Glaze WS is a strong paper with a glossy, smooth surface and improved wet strength. It is designed for Bags and Wrappings printed in flexography.

Grammages

35 - 70 gsm

Materials

Basix Glaze WS is produced from pure, white kraft pulp and consists entirely of primary fibers and with addition of wet strength agent. The fibers are from slow growing Scandinavian forest, which gives the paper its inherent strength.

Printing method

Flexography

Approvals

Basix Glaze WS is produced in compliance with BfR and FDA food packaging norms.

Certification

Basix Glaze WS is produced at BillerudKorsnäs Skärblacka, which is certified in accordance with ISO 9001, ISO 14001 and FSSC 22000.
